

## LEEDS: GAS MAINS REPLACEMENT MORGAN EST AND NORTHERN GAS NETWORKS - PROJECT BRIEFING

“SCD, consistently deliver high quality infrastructure solutions to Morgan Est. They understand our business needs and engage in the alliance philosophy. SCD readily accepts and implements all aspects of Health and Safety throughout their business and adopted our specific requirements seamlessly.”

*Morgan Est Utilities Division.*

# Morgan Est Utilities and Northern Gas Networks

## *Leeds: Gas mains replacement*

In line with the recent Health and Safety Executive directive, SCD is engaged in the extensive replacement of gas mains throughout Leeds.

SCD worked with Morgan Est on a term contract replacing gas mains and services infrastructure in line with the HSE guidelines.

The term contract has a value to SCD in excess of £2 million.

As part of this contract SCD have recently completed diversion works on the new East Leeds ring road installing 2.5km of 355mm and 180mm mains and services.

The project was completed ahead of programme and on budget.

Our fully accredited main laying teams are complemented on site by a full time project manager and support personnel.

Mains and services are tested and commissioned in line with the latest engineering standards.

### Project Summary

- Installation of mains and services gas pipework
- Commissioning and testing of gas pipework
- Reinstatement of pathways and carriageways in accordance with NRSWA
